

Governors Impact Report

21st March 2022

Subject Impact Report for Governors Meeting

Prepared by Mr A Mann (Parent Governor)

Strategic Direction:

Clerk's updates: Services for school buy back now Spending was discussed and the possibility to buy back services meaning savings for the school. This year was lower than previous and cost saving, includes health and safety admissions legal services school meals.

There will be ongoing exploration into HR services which need to be bought in.

Covid sickness for children and staff have increased since Christmas. This is potentially going to continue for the foreseeable future. Covid absences is still having an impact on cost as cover needs to be paid for using agency staff. Governors will consider a full-time post for cover to give resilience and give continuity for a person who will be known to the pupils and staff.

People:

Head teachers report, school tuition grant. There is a continued ethos of encouraging progress of children not just attainment.

This year, nationwide, SATS results will be published.

The climbing wall panels and basketball nets have been a success and the children enjoy both giving a wider range of activities. Sports leaders now wear sweatshirts so they may be identified to pupils and gives added responsibilities and opportunities to grow.

It is noted that the staff change roles due to covid sickness and cover demand where it is needed, long term implications for being short staffed. This demonstrates the ongoing ethos of the school and the commitment of the teachers and staff to step up, help and fill gaps when needed.

Also discussed was the staffing plan and the potential to retain all support staff.

Planning for end of term events is ongoing to get back to what we may recognise as normal. For some of the younger children, they may not know what 'normal' is, so the intention is to get back to the activities and events that the school used to do well.

Roles and Responsibilities:

Annual Church Ethos report: School has a strong Christian ethos. 7 strands of siams report were discussed. The vision not well known and so areas identified to concentrate on. A full report was provided.

Any other business

Next meetings arranged.

Ongoing plans to look for support to help with the search for the new head teacher post.
