Monday 1st June 2020

Dear Parents and Carers,

It has been a delight to welcome back some of our Year 6 pupils today, and we look forward to seeing more of them and some Reception children later in the week.

If you missed the 22nd May deadline and have now decided you would like your child to return to either of these year groups, please advise the school office. They will arrange a place for you from the next working week to enable registers to be prepared.

Our key worker groups are working well and have been growing steadily since March. Places have been taken up over the last weeks and all our allocated places for key worker children are now full. I have informed the Local Authority and they are working hard to come up with a strategy to be applied across all schools.

I am very pleased to see how well all the children joining us have maintained their social distancing throughout their break times, lunch and even during a fire alarm drill. They are a credit to both themselves and to you.

As we go forward, I need to stress the importance of not sending your child to school if you think they may be unwell. Public Health Plymouth have instructed us that, should any child or adult in a group display symptoms of Covid-19, then the **whole group** will have to be sent home until either the person tests negative, or 14 days have elapsed. I am sure you can appreciate the chaos this might cause everyone, so please be extra vigilant and keep your child away from school if you think they may have any of the symptoms.

Thank you all for your patience as you work with us. I hope that soon we are able to see more children and things will become more usual in this strange, new world.

With best wishes,

Mrs J Jones

Head Teacher
